

Item 291

outpatient mental health assessments made easy

One-off assessments

Private psychiatrists based at Health Care Australia's Robina Private Hospital offer appointments for MBS Item 291 (one-off) assessments for your patients that you manage in your practice.

Item 291 assessment suitability criteria

Criteria Question	Inclusion Answer
- Is your patient in a crisis situation?	NO
- Will you be responsible for continuing care of the patient?	YES
- Is a one-off assessment and management plan appropriate support for your care of the patient?	YES
- Do you require the assessment for a third party (eg: Court, WorkCover, Superannuation)?	NO
- Are there any risk factors that make attendance by this patient at private psychiatric rooms inappropriate?	NO

Referral flowchart
